

This was worked using Finca 80 thread and Guterman sulky machine embroidery threads.

The number of bobbins required depends on the gauge of thread used, but it may be necessary to use up to 30 pairs of bobbins.

Work in the directions indicated on the diagram.

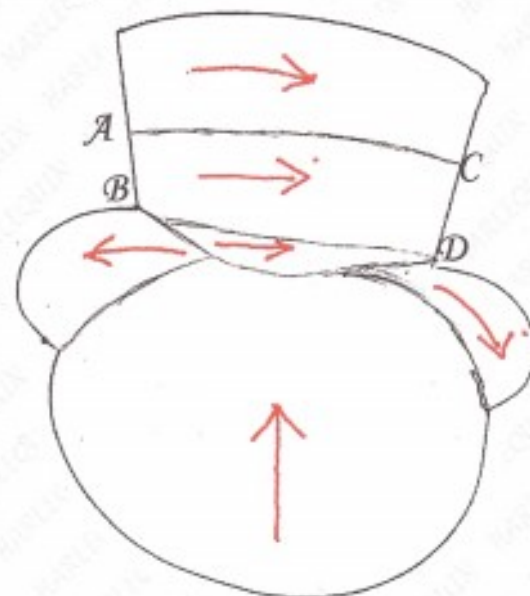

Thread small seed beads onto the worker for the face and leave in the indicated position for the mouth.

Make a triangular tally for the nose and sew onto the face at the indicated position

Make a plait from A to B and C to D so that the pairs for the roseground can be added and removed.

Complete the face by adding beads or goggle eyes

Working Diagram

Merry Christmas

A Snowman's life

*There was a Snowman , fat and round,
Dressed in hat and coat he was so proud. 
With coal for eyes and a long carrot nose,
He stood on the ground while it was froze.
When Spring came he lay on the lawn.
Just coal eyes, carrot nose and coat, all torn.
As he melted in the sun he was heard to say,
"See you later on a cold Winter's day,
When the ground is frozen and once again 
Covered in snow not the cold Autumn rain."*
